

# KUJO CEILING SUSPENDED

INSTALLATION INSTRUCTIONS | OCTOBER 2024

## DIMENSIONS

## MOUNTING INSTRUCTION

- 1** Screw out the top pieces of the cable holders and fix them on the ceiling with screws (screws are not included).
- 2** Screw the cable holders back to the top piece.
- 3** Remove the cover of the mounting base by pulling and mount the base on the ceiling with screws (screws are not included).
- 4 POWER CONNECTION**  
Connect to 220-240V.
- 5** Align the marks on both of the mounting base and the cover. Push the cover on the mounting base until it clicks.
- 6** Adjust the wires to the required length.

## DIMENSIONS

## MOUNTING INSTRUCTION

- 1 Screw out the top pieces of the cable holders and fix them on the ceiling with screws (screws are not included).
- 2 Remove the cover of the mounting base by pulling and mount the base on the ceiling with screws (screws are not included).
- 3 Screw the cable holders back to the top piece.
- 4 **POWER CONNECTION**  
Connect to 220-240V. 
- 5 Pull the cable through the cover and connect the cables in the ceiling base. 
- 6 Align the marks on both of the mounting base and the cover. Push the cover on the mounting base until it clicks.
- 7 For the positioning of the rings, take into account the in between lengths of the connection cables. 
- 8 To connect the luminaires, remove the covers from the needed holes. All holes can be used as outlet as well as inlet.
- 9 Connect the cables to the luminaires.

## DISMANTLING AND RECYCLING INSTRUCTIONS

### Light source & driver

- 1 Remove the lid from the mounting base by placing a flat tool into the gap and pushing it down.
- 2 Disconnect the wires and unscrew the driver to remove it.
- 3 Remove the silicone cover by pulling it off.
- 4 Pull out the light source to remove it.

The light source is replaceable by Wever & Ducré or by a professional with explicit authorisation. For more information please contact your local Wever & Ducré customer service point.

The driver can be replaced by the end user.

This luminaire contains a light source with the energy class E.
