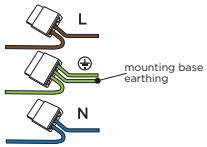
MOUNTING INSTRUCTION

1. Remove the mounting base by loosening the socket screws and fix it to the ceiling with screws (screws are not included).

2. **POWER CONNECTION**

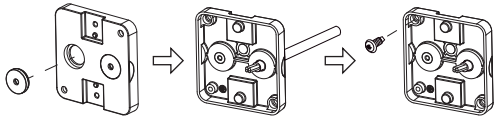
Connect to 220-240V.



Connect the earth cable.

Always use a matching grommet based on the used 220-240V cable and the corresponding type in the overview table.

for example:



Push the grommet into the back plate. Pull the cable through the back plate. Mount the back plate on the wall.

3. Fix the fixture to the mounting base with the socket screws.
